

# Paper plate fish

## Step one:

Place the paper plate upside down and colour.

## Step Two:

With adult supervision mark a triangle shape and cut out. Glue the triangle.

## Step Three:

With adult supervision cut several circles and two fins from coloured paper. Decorate.

**Voila!**

# Fun fish facts

There are approximately 33,600 species of us in the world.

Fish have gills that extract oxygen from the water around
